I am looking for Fisher related activity. Sunwest "fronted" some Fisher activity.

Garnet @ Casa  
\$25,000 10/24/2003 03498 to 03499 to ? Can't find on facility.

I have added this loan to the spreadsheet, and it is still on the books. This is a Jon Harder note consolidation facility, and the spreadsheet shows this loan still due and payable.

Laurel Springs  
\$16,000 10/24/2003 03498 not sure

This loan is included in the total notes recorded for this facility, \$91,600. I have added a note on the spreadsheet detailing what makes up the total balance.

Neither one of these were on the Fisher spreadsheet and I don't think these are transfer account. Sunwest is paying "Carol" and billing back these facilities.
