

TRO Exhibit 8

DECLARATION OF CAROL BUTLER

Pursuant to 28 U.S.C. §1746

1. My name is Carol Butler and I reside in Grandy, North Carolina. The following facts are known to me personally, and if called as a witness, I could and would competently testify thereto.

2. On January 22 of 2009, I filed a complaint with the Federal Trade Commission regarding telemarketing calls I had received from a company identified as MCS. A true and correct copy of my complaint is attached to this declaration as Exhibit A.

3. I received a telephone call with an automated recording on January 22, 2009. The message offered to save me money by lowering the interest rates on my credit cards. It did not identify the company calling. After a short pitch, the message said to press 9 to speak with a representative. There was no additional option to be placed on a do not call list.

4. I pressed 9 to speak with a representative. When I got through, I asked the representative for the name of the company and the company's phone number. He told me the company is MCS, and gave me the number that I included in my complaint.

5. After I had that information, I told him "I am on the national do not call registry and you can not call me." Instead of complying, he just kept asking who said we can't call. I got frustrated and hung up the phone.

6. I have received several other phone calls with an automated message that sounds like the same pitch as the verified MCS call. When I speak with a representative and ask who is calling, they hang up.

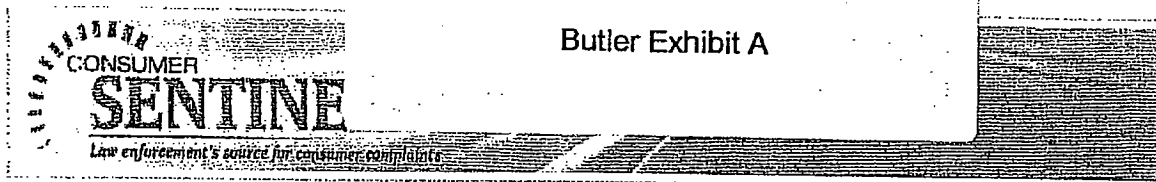

7. Until I received these calls, I had never heard of MCS. I have never had any business relationship with MCS.

8. I have been on the national do not call registry since shortly after it was created.

I swear or affirm under penalty of perjury that to the best of my knowledge and belief the foregoing is true and accurate.

Dated: June 4, 2009

Comments:	1st it was a recorded msg, saying if you want to save \$ on Credit card, press 9. 1st question was do you have a Visa/MC card. That's when I asked for the name of company & Ph #, and the person's name, which I couldn't understand because it was India Indian. Then I told them we are on a do not call list and that I was reporting them. The guy kept asking who said we can't call, who said. I told them it was the Fed. Gov't and hung up the phone. We have never done business with this company and it was 1:50 p.m. when they called.
